

WHAT IS PACE?

Programs of
All-inclusive Care for the Elderly

PACE Provides

Alternative to nursing home care

with a home based approach.

PACE supports our elderly community so they can remain at home by providing needed medical support and social services.

COST

PACE services are sponsored by Medicare and Medicaid. Cost is based on income, and can be FREE or a single monthly payment.

As a PACE participant, all health care services are provided or arranged by your PACE team (except for emergency services). A participant may be fully liable for the cost of medical services made without prior authorization.

Elderhaus PACE does not discriminate on the basis of race, color, national origin, age, disability or sex.
